

Shakespeare on the Green  
**24-Hour Plays: Director Application**  
Spring 2018

**WHAT ARE THE 24-HOUR PLAYS?**

A gathering of student writers, directors, and actors who, with the help of a tech crew and the SotG board, will create and perform a series of original short plays, all within the span of one day. The event is intended for new and seasoned actors (ex. actors with salt, actors with paprika, etc.) alike and will be performed in a site-specific location.

**WHEN ARE THEY?**

Friday, February 2, 7pm - Saturday, February 3, 7pm. Performance times/location TBD.

**WHY WE NEED YOU**

We need a capable and tireless group of directors to bring the written plays to life!

**WHAT ARE THE RESPONSIBILITIES OF A DIRECTOR?**

Each director will be assigned a play written the previous night, as well as the actors written into each script. Directors will have 10 hours (that's 600 minutes) on Saturday to block and design their shows while encouraging their actors to learn their parts. The director is the ever present light, shining bright with enthusiasm and energy as night approaches and performances begin.
